

### **Save more for retirement with the State of Missouri Deferred Compensation Plan**

Effective July 1, 2008, the State is offering higher incentives to encourage employees to save more for retirement. The new incentive amounts are \$25, \$30, and \$35.

Here's how it works. Each month that you save at least \$25 in your State of Missouri Deferred Compensation Plan account, the State adds \$25 to your account. The same is true for the \$30 and \$35 incentive (see chart below).

### **New State Incentive Contribution Levels**

***Effective July 1, 2008***

<b>Your Contribution (per month)</b>	<b>State Incentive (per month)</b>
\$25 to \$29.50	\$25
\$30 to \$34.50	\$30
\$35 or more	\$35

To be eligible for the state incentive, you must meet both of the following requirements:

- Be an employee of the State of Missouri for at least 12 consecutive months.
- Make the minimum continuous deferrals to the State of Missouri Deferred Compensation Plan that coincide with the desired incentive amount.
